**OBS.**

The selection committee has completed the interviews and has established the rankings. 15 students have been judged eligible for the EACEA scholarships, 28 students are admitted as self-paying students. The program can accept a maximum of 36 students overall: the 15 with scholarship plus the first 21 students from the reserve list that want to apply. The scholarship list needs to be validated by EACEA in Brussels, that will check that the administrative requirements are met by the applicants. In case of rejection of certain applications the admission will automatically follow the first in the reserve list. Selected candidates holding a non European degree are conditionally admitted until they submit the Declaration of Value (DoV) of the last degree achieved or CIMEA statement of verification.
