15:00-18:00		Lecture

FIELD TRIP

Professors

Pasquale Miano, Gioconda Cafiero, Renato Capozzi, Luigi Cicala, Isotta Cortesi, Bruna Di Palma, Bianca Ferrara, Ferruccio Izzo, Bianca Gioia Marino, Giovanni Multari, Andrea Pane, Renata Picone, Valentina Russo, Paola Scala, Luigi Veronese, Federica Visconti

Aims: to investigate specific and complicated archaeological contexts in order to consolidate theoretical contents acquired.

Themes: The field trip will be articulated into in several visits, guided by experts, to the archaeological sites of Pompeii, Herculaneum, Pozzuoli, Baia, Cuma, Paestum and to the ancient centre of Naples. In this way, students will be introduced to specific realities, in order to have the opportunity to grasp important aspects of archaeological and enhancement activities. The study trip, based on the support of the local Superintendency, will provide a direct contact with the archaeological sites.

Methods and Tools: Lessons; Case studies; Site visits.

Final Exam: elaboration of drawings and models aimed at summarizing the fieldwork and definition of first group project proposals.

DESIGN WORKSHOP

Professors

Pasquale Miano, Gioconda Cafiero, Renato Capozzi, Luigi Cicala, Isotta Cortesi, Bruna Di Palma, Bianca Ferrara, Ferruccio Izzo, Bianca Gioia Marino, Giovanni Multari, Andrea Pane, Renata Picone, Valentina Russo, Paola Scala, Luigi Veronese, Federica Visconti

Aims: to consolidate the theoretical contents acquired through the lessons and site inspections. The Design Workshop will focus on the topic of the survey and the enhancement of the archaeological landscape of the historic center of Naples.

Themes: The design workshop will focus on the relations between archaeology and urban public spaces. The main topics are: the issues of urban accessibility to the archaeological sites; the redefinition of the open spaces in relation to the ruins; the protection and the improvement of the perception of the ruins into the landscape; the social inclusion. The workshop activities will be interdisciplinary and will include a dialogue with the specialists of the Archaeological Superintendence of Naples.

Methods and Tools: Study Seminar; Case studies; Laboratory.

Final Exam: elaboration and discussion of group projects with jury and proclamation of the winning project.
